

# Sociology – Bridging Work

## Task:

You need to complete the Introduction Course (19 steps) via this link:

<https://ondemand.tutor2u.net/students/introduction-to-aqa-a-level-sociology-getting-started>

The site will track your progress, and I would suggest that you make notes throughout each section to bring to your lessons in the autumn term.

Once you have completed the course, if possible, download or print screen or take a photo the completion page and your progress.
