

APPENDIX B – SYSTEMS USED BY THE SCHOOL WHERE DATA IS NOT HELD IN SCHOOL

It is anticipated that in these circumstances that student data will still be processed by Holy Trinity staff but there may be occasions where a member of the supplier's staff will need to look at our data to resolve technical problems.

System	System Purpose	Website for Further Information
Accelerated Reader	Used to track reading progress for students in years 7 & 8 and some in year 9.	http://www.renlearn.co.uk/
Accessit	Accessit is a library management system, used when students borrow books from the library.	https://accessitlibrary.com/
ALPS	ALPS is a post-16 monitoring system used to monitor progress of students against national benchmarks and to generate A Level targets.	https://alps.education/alps-connect/
Apple School Manager	Provides JAMF with school information and allows us to enrol ipads and push out apps. Includes student names, school emails and 365 Group names	
Arts Pool	Arts Pool is a dance e-learning resource, which provides module work, mock papers, and quizzes to help prepare students for the GCSE Dance written paper. Students' work can be monitored by their teacher via an online hub	https://arts-pool.co.uk/about/
Boost Learning (from Hachette Learning)	This is a platform used by Science to access springboard learning in which students complete knowledge assessments on a termly basis to check their recall of key concepts in the Key Stage 3 curriculum.	https://boost-learning.com/
BromCom	A Management Information System (MIS) used to enter, store and analyse a variety of data including assessment, attendance, communication, and personal information.	https://bromcom.com/
CAT (<i>The Cognitive Abilities Test</i>)	This provides a measure of cognitive reasoning ability, without reference to curriculum-based material and regardless of previous achievements or first language. The test assesses students ability to reason across four distinct batteries: verbal, non-verbal, mathematical and spatial, as compared to the national average.	https://www.gl-assessment.co.uk/products/cognitive-abilities-test-cat4/
Century	Century is an online learning platform that uses artificial intelligence (AI) to personalise learning for each student. It helps ensure that students receive the right content at the right time, based on their individual needs.	https://www.century.tech/

	Students learn on century by completing short, focused lessons called <i>nuggets</i>. Each nugget includes a learning video and slideshow, followed by questions to check understanding. English, Maths, Science, Geography, and PE use century extensively both in school and for homework. The platform also includes <i>diagnostic assessments</i> that help identify how well a student understands a topic before they begin. Based on these results, century recommends the most suitable nuggets to help them improve. Century tracks each student's progress, including test scores, time spent on tasks, and when work was completed. For more information, including century's Parent User Guide, please click the link below: https://www.century.tech/launch-pack/	
Class Charts	A classroom management tool used to track and analyse positive and negative behaviour events, and manage seating plans.	https://www.tes.com/en-gb/for-schools/class-charts
Classroom 42	A platform for educational resources for GCSE & A-Level studies.	https://classroom42.com/
CPOMS	CPOMS is the market leading software application for monitoring child protection, safeguarding and a whole range of pastoral and welfare issues. We share information with CPOMS to enhance the safety and welfare of our students.	https://www.cpoms.co.uk/
Cunninghams - Catering	Uses biometric data to administer lunch accounts.	http://crbcunninghams.co.uk/
Department for Education	Daily collection of pupil level attendance data, demographic data and some vulnerable child indicators. Used to support absence trend analysis locally, regionally and nationally. Shared back to schools, trusts and local authorities via DfE's Monitor your School Attendance on View your Education Data	https://www.gov.uk/government/organisations/department-for-education
EVouchers.com	An effortless online voucher solution for schools and local authorities to send gift cards to families, students or staff	https://www.evouchers.com/
Evovle	EVOLVE is a supplier of online systems for schools and colleges to manage Visits, Clubs, Sports, Payments, Consent, Comms, Accident Reporting, and more.	
Exampro (facilitated through Wonde)	Science uses Exam Pro Onscreen to conduct their termly assessments in the Key Stage 4 curriculum using exam style questions directly from the exam board.	https://osa.exampro.co.uk/portal/

FFT Aspire	Provides estimates and data to support effective target-setting and self-evaluation.	https://fft.org.uk/
InVentry	InVentry provides a sign-in and visitor management system for staff, students, and visitors. It helps support us in maintaining our student attendance records.	https://inventory.co.uk/
JAMF	Management of the ipads. Includes student names, school emails and 365 Group names	
Kerboodle	This is used by the science and MFL departments. It has worksheets, tests, online interactive modules, lessons, and online textbooks for each key stage. Students of all years have logins to access this system.	https://global.oup.com/education/secondary/kerboodle/?region=uk
Languagenut	This is used by MFL department. Used by all students in KS3 and those in KS4 who are given a login. It assesses students's strengths and areas for improvement. Use by the department for homework and to provide additional support	https://www.languagenut.com/en-gb/?session=ondemand
Lexonik	Specialises in accelerating literacy progress through evidence-based interventions and expert-led training. Programmes are designed to close literacy gaps quickly, equipping students with the skills they need to succeed across every subject.	https://lexonik.co.uk/
Music First	"Music First" is the suite of apps that we use for online learning based around Music Knowledge and Music Technology both in the classroom and at home when needed.	www.musicfirst.co.uk
Pearson Revise	Online learning platform . Students use their Microsoft (school) log ins to access.	https://login.pearson.com/v1/piapi/piui/signin?client_id=GazlikPMW8gm2IF5PaX9M5AoPut6WBvq&login_success_url=https:%2F%2Freviseonline.pearson.com%2Fbooks%2Fsubscription%3FiesCode%3DTQAXyh8TFZ&lang=en
Pupil Progress	A tracking tool used to monitor academic performance based on student scores at the individual question level.	https://www.pupilprogress.com/
Salamandersoft	Syncs between Bromcom and local server to create user accounts and 365 accounts. Also syncs with Apple School Manager.	
SCOPay	Links to Bromcom MIS. Parent payment platform for consents & payments.	https://www.scopay.com/login

Seneca	Seneca helps students to learn faster and memorise better. Their homework and revision platform applies cognitive neuroscience to make learning more efficient and enjoyable.	https://senecalearning.com/en-GB/
SISRA	SISRA is used to monitor and improve the quality of education provided by allowing us to analyse student, class, subject and school performance after each reporting cycle and after exams.	https://www.sisra.com/analytics/what-is-sisra-analytics
Sparx	Sparx is used by the maths department by providing a range of resources available to students who are given a log in to access the system. Student information is shared to enable students to access the resources available.	https://sparx.co.uk/
Studybugs	Studybugs helps schools look after their pupils. Take a simple, whole-school approach to pastoral care – maximum wellbeing, health and attendance, minimum stress.	https://studybugs.com/
Unifrog	Unifrog is used to support students in choosing universities and apprenticeships and to help staff support and track the progress of their applications. Unifrog is also used in our REACH curriculum and for work experience.	https://www.unifrog.org/
