

Sixth Form Prospectus 2026

Welcome to The Holy Trinity Church of England School Sixth Form

Dear Student,

We are delighted that you are considering Holy Trinity School as your Sixth Form destination of choice. In this prospectus you will find information about the subjects you can study at HTS and more about Sixth Form life. You will be joining us at a very exciting time for the Sixth Form and for the wider school community as we prepare for our future move into a state-of-the-art new school building. In preparation for this we have been transforming our approach to learning and teaching. This innovative transformation includes all students receiving a personal iPad which they use both in school and for completing work at home.

Holy Trinity Sixth Form provides an outstanding education to each and every student. Every individual is valued as a child of God and supported to achieve their potential. We strive to ensure that every student in our Sixth Form receives an ambitious curriculum to challenge and stimulate all learners, whilst ensuring that this is tailored and personalised to each individual. Enrichment opportunities and experiences ensure that students are

stretched to develop their character both inside and outside of the classroom. In addition, every student receives a high standard of pastoral support and development to help them achieve their potential. At HTS we believe in a Sixth Form experience which is about more than just qualifications. Whether you are a current year 11 student who is looking to remain at Holy Trinity or you have previously studied in another school. Holy Trinity Sixth Form offers you a rich choice of academic subjects which include A levels and BTECs to prepare you for your next step. We also provide the opportunity to join our thriving and talented Performing Arts Academy, our incredibly successful Basketball Academy or the opportunity to join The Crawley Town Community Foundation which is our collaboration between Crawley Town Football Club and The Holy Trinity Sixth Form.

We hope you will find this prospectus helpful and look forward to welcoming you into our Sixth Form.

Our Sixth Form tab on the website provides more detailed information about our Sixth Form including individual subject pages with full details of courses and we urge you to explore this.

As a Church of England Sixth Form, we offer a unique opportunity for students to attend a school where they will be very well cared for and supported. There are many opportunities for students to contribute to the wider life of the school and the community through experiences outside of the classroom. Our Sixth Form students are seen as role models for the younger students and their leadership potential will be harnessed.

For those students who are already a part of this school, we offer teachers who know them well, have helped them develop to this point and who are committed to their continued progress. For those joining us from other schools and colleges, we offer the opportunity to make new friends within an environment renowned for its welcome and community spirit.

Whether you are a continuing Holy Trinity Student or a student from another school, we welcome your application to join us in September 2027.

Our Core Values

Dignity

Our core belief that every single human being is unique, precious, and of infinite worth because God created them that way.

Wisdom

We seek to foster confidence, delight, and discipline in seeking wisdom, knowledge, and truth through all aspects of our curriculum and school life.

Community

Once we have understood our own value - our dignity - we go on to express this through the quality of the relationships we share with each other. Community - living well together - is often the first word used by students and staff to describe Holy Trinity Church of England Secondary School.

Hope

As we prepare our students for the future, we look to open horizons of hope and aspiration for them and through them for the world.

Rev. C Millwood
Executive Headteacher

Mr R Bradley
Head of School

Supporting your KS5 experience & Preparing you for Success

As you consider your next step in your educational journey, we are committed to offering you a rich experience, combining your academic studies with the opportunity to develop leadership skills and independence within a supportive, yet challenging environment.

Our Sixth Form Study Centre embodies our desire to help you develop into the best independent learner you can become. Sixth Form is only a step on your journey and we are keen to equip you with the tools you need to move on into further full-time study, apprenticeships or the world of work. We do not want Sixth Form to be the end of your educational journey and aim to inspire all our students to be lifelong learners. We are incredibly proud of the leadership that our Sixth Formers provide both in the Sixth Form and across the whole school.

Every year there are three Culture and Diversity Days, each with a different focus. These days are a way of celebrating the rich diversity

of our school whilst also encouraging the whole school community to learn more about living in a multi-cultural world.

During your time in the Sixth Form, you will be supported by an experienced Pastoral Team. Tutors and teachers will prepare you to become successful A-Level & BTEC students. We will develop your social and personal wellbeing through our bespoke REACH & Tutor program, which will prepare you for your next steps. You will also have the benefit of our excellent support for university applications through UCAS, where 91% of our students received their 1st choice place in the summer of 2026. Whatever the reason you are considering joining our Sixth Form, we look forward to meeting you and to watching you grow and flourish as part of our amazing Sixth Form community.

Mr K Berry
Assistant Headteacher
Leader of Learning KS5

What the students say...

“ iPads have been really useful for keeping me organised. They are convenient and make my work much easier to access. ”

“ Private study has helped improve my grades. It has taught me to work independently and prepared me for life after Year 13. ”

“ Having a sixth form area away from younger year groups gives us a quieter space to focus on work and socialize with friends ”

“ My teachers have helped me improve my grades through positive interactions and by taking the time to help me understand difficult topics ”

“ Our Sixth Form has a good range of Diversity and Culture. ”

“ Since starting Sixth Form, the staff and teachers have been incredibly supportive in helping me progress from GCSEs to A Levels. Throughout Year 12, they have created a positive learning environment and supported me beyond the classroom, helping me secure exciting opportunities such as work experience in Parliament. ”

“ Support is always available from the Sixth Form team when needed. Our Sixth Form has a supportive Head of Year ”

What can you study?

We offer a range of A Level and BTEC Level 3 courses. Standard minimum entry requirement is five grades of 4-9 or equivalent, which must include Maths and English. Equivalent BTEC qualifications are also acceptable and could be an advantage for students wishing to go onto our Level 3 BTEC courses. If you meet these requirements but narrowly miss out on your Grade 4 English Language or Mathematics, we will work with you to help you get there in Year 12. For students that don't meet the entry criteria for our Level 3 courses, we offer a Level 2 pathway. This acts as

a foundation year, where you will study two Level 2 courses with a view to graduating from this to studying these at Level 3 the following year. If you think this might be of interest to you, please speak to us about your individual situation to see what your options are.

Full details are available on the Sixth Form Section of the website under the heading Sixth Form Subjects. All courses have individual entry requirements which are explained here. The majority of

students will take three subjects throughout their two-year course. Students who are at, or near, the minimum entry level would be advised to consider the BTEC courses which are often more accessible and involve more coursework than their A Level counterparts. Students may also combine a mixture of BTEC and A Level subjects. Students who have eight or more GCSE passes at Grades 7-9 might want to consider taking a fourth subject. Whatever you choose, you will be supported to succeed in your chosen subjects. We look forward to working with you!

Performing Arts

We believe in the Performing Arts and want to give our students the best possible opportunity to succeed in the industry. We offer an amazing suite of post-16 courses that are both practical and industry related. Our Cambridge Technical courses offer students the opportunity to develop their technical skills, while testing their academic abilities and preparing them for the world of work in the Performing Arts.

Our courses cover 5 disciplines, Acting, Dance, Music, Musical Theatre and Theatre Production and three sizes of qualification. You can opt to study Performing Arts as a single option (Extended Certificate) alongside two other A-Levels, a double option (Diploma) alongside one other A Level or take the extended course, which is a full-time, two-year course that is the equivalent of 3 A-Levels. Please note that Musical Theatre is only available as the Diploma or Extended Diploma and Theatre Production is only available as Extended Certificate.

You will be provided with a 1-2-1 coaching session each week on your chosen discipline and will undertake regular performance development sessions, following a skills development programme to make you a stronger performer. If you follow the Theatre Production pathway, where other pathways 'perform', you will work in a technical capacity, learning how to design and run the scenery and stage management you will need to ensure your fellow students' performances are all they can be. All the courses blend the creativity of performance ideas with the technical skills to put the ideas into practice and the opportunity to perform the practitioners and works you are really inspired by.

The course will involve lots of work outside the classroom, including visits to Performing Arts venues, visits to performances, running workshops and plenty of performing opportunities. The course is open to any genre of performance, allowing rock, pop and classical musicians to study alongside musical theatre performers, stage managers to work with actors, and street dancers to develop their skills on the same course as ballet dancer.

“Sixth-form students are strong role models. They enjoy organising events and helping younger pupils with their reading.”

November 2023

Basketball

As regular qualifiers for national championship events, HTS has established a strong link with one of leading national league clubs, creating an outstanding platform for aspiring basketball players through our Elite Basketball Academy. used its strong national league club links to set up its Elite Basketball Academy. Today the programme has evolved into a comprehensive performance pathway, offering a range of Level 2 & Level 3 qualifications that can be studied individually or combined as part of a full extended programme. With an expanded team of experienced coaches and a clear focus on player development

the Academy has gone from strength to strength achieving multiple national honours and establishing itself as an exciting destination for ambitious young athletes. Students benefit from extensive court time, high-level coaching, competitive fixtures and a dedicated strength and conditioning programme all designed to maximise performance both on and off the court. Whether you ambition is to compete at national level, progress into the university game, pursue a professional basketball pathway or simply become the very best player you can be, the HTS Elite Basketball Academy provides the environment, expertise and opportunities to help you achieve it.

Crawley Town Education Academy

The Crawley Town Foundation Academy is a collaboration between Crawley Town FC, Crawley Town Community Foundation, and The Holy Trinity Sixth Form. Students between the ages of 16 and 19 have the opportunity to gain a university accredited qualification whilst being part of an extensive professional football programme, completing the BTEC Level 3 Extended Diploma in Sport (equivalent to three A-Levels).

All education is delivered on-site at the Broadfield Stadium and provided by Crawley Town's fully qualified teachers who have extensive employment history in sport/football, as well as holding coaching qualifications. Alongside their academic programme, football

students train between 6-8 hours per week with UEFA qualified coaches. Students are also given opportunities to gain coaching qualifications/experience and part-time employment, offering a unique pathway through Crawley Town Community Foundation. Our football team represents Crawley Town FC in the National Football Youth League and additional cup competitions, against similar programmes run by football clubs and colleges across the South of England.

Entry requirements are a 4 in Maths and a 4 in English Language.

Student Leadership

At HTS, we believe leadership is a journey, not just a position. Our Student Leadership Programme begins in Year 7 and develops progressively, giving every student the opportunity to apply to join a team where they will build confidence, responsibility, and the skills needed for life beyond school.

By Sixth Form, leadership reaches its pinnacle. In Year 12, students shadow our Head Team, gaining first-hand experience of the responsibilities and expectations that come with leading the school community. This mentoring stage allows them to learn, support, and prepare for the challenge of stepping into the full leadership roles in Year 13.

Our Year 13 leaders act as role models for younger students, representing the school at key public events, supporting whole-school initiatives, and helping to shape the culture of our community. In doing so, they not only give back to the school but also develop invaluable skills in communication, teamwork, decision-making, and resilience – qualities that will serve them well in higher education, employment, and beyond.

Student Leadership at HTS is about more than holding a title; it is about personal growth, responsibility, and making a positive difference.

“Pupils are inspired by the example of Sixth Form leadership in areas such as diversity, charitable work, the library, and ecological awareness.”
